

## LIQUID PIPELINE

- LQ100 LQ: Subpart H - Corrosion Control (30 mins)
- LQ201 LQ: Pipeline Patrol (50 mins)
- LQ202 Pressure Testing Steel Pipelines - Liquid (35 mins) -Released 01/10
- LQ300 LQ: Marking Pipelines - Temporary and Permanent (65 mins)
- LQ400 LQ: Below Ground Pipe Coatings & Exposed Pipe (85 mins)
- LQ415 LQ: Installation of Anodes (50 mins)
- LQ416 LQ: Conduct Annual Surveys (110 mins)
- LQ501 LQ: Cathodic Protection Troubleshooting (70 mins)
- LQ502 LQ: Rectifier Inspections (80 mins)
- LQ504 LQ: Installation of Test Stations (50 mins)
- LQ508 LQ: Interference (A/C and D/C) (60 mins)
- LQ707 LQ: Introduction to Compressor and Pump Operations (85 mins)
- LQ800 LQ: Pipeline System Control (65 mins)
- LQ901 LQ: Programmable Logic Controllers (125 mins)
- LQ902 LQ: Pressure Switches (50 mins)
- LQ903 LQ: Pressure Transmitters (60 mins)
- LQ1100 LQ: Cathodic Protection - Aboveground Storage Tanks (70 mins) -Updated 10/12
- LQ1102 LQ: Inspection - Aboveground Storage Tanks (60 mins)
- LQ2350 LQ: Aboveground Storage Tank Overfill Protection (70 mins)
